BACKGROUND

Seeing the northern lights is a rare treat at our latitude. They are both a simple, atmospheric phenomenon and an awe-inspiring, otherworldly spectacle – a timeless reminder of the magic and majesty of our natural world. As winemakers, we are guided by our deep reverence for nature, and it is our privilege to coax beautiful expressions from this unique place we call home.

TASTING NOTE

A bouquet of tropical aromas on the nose, notes of pineapple, passion fruit and lychee mingle with hints of lavender. The palate is lively, showcasing flavors of white peach and green apple complimented by a bright, mouthwatering acidity. The finish is fruity and moderately sweet, leaving lingering notes of strawberry and guava.
